# Introduction

The ATEN Quiet Cabinets is an enclosure with integrated cooling, noise dampening, and power distribution unit (optional) for network applications in office environments.

The cabinets provide space for industry-standard (EIA-310), 19-inch rack mount unit, which includes servers, voice, data, networking etc. It is fully assembled with doors, leveling legs, casters, keys, cable manager, and cage nuts.

The ATEN Quiet Cabinet is suitable for network environments, such as offices, schools, medical facilities and more.
